C#m A  
Let justice roll (Streams of your mercy)  
E B E A E  
Let justice roll (Bringing your peace)

E A E  
Many transgressions,  
B E  
Many the times we've failed in the past  
A E  
Take our confession,  
B A E  
And help us follow Your path

Clanging of cymbals,  
Ringing of gongs is noise to Your ears  
Yet we sing glory,  
In hope that You still hear

You formed the mountains,  
You cause the wind to blow through the trees  
Whispering freedom  
And shouting sweet release

God of all people,  
We hear Your call to reach out and give  
Knowing Your goodness  
We seek and find and live
