

## May hearts arise

Words and music by Phil Campbell-Enns

G C G CAPO 5  
We confess with heads held low  
C D  
Sins today and from long ago  
G C G  
Words and deeds that brought on pain  
Em G/B D G  
Help us imagine a better way

Bm7 C  
Faith is found with souls laid bare  
Bm7 Am7 D  
Hope restored within Your care  
G C G  
May Your will on earth be done  
Em G/B D G Em G/B / D G  
May hearts arise as Your kingdom comes

Freely given and received  
Gifts outpoured to meet ev'ry need  
Called to speak and intercede  
Even as we face our deepest fear

Led to tread on holy ground  
Feeling lost but somehow we're found  
Each step leads to more profound  
Knowledge that we rest within Your pow'r

In our weakness we find strength  
Grace so deep that it will not end  
From Your loving arms outstretched  
We receive grace so that we can bless
