

## **My Saviour and King**

Words and music by Phil Campbell-Enns

Lay down your head darling, rest here a while  
You seem surprised and you can't seem to smile  
I know this news might bring shame to your name  
But I was told we should not be afraid

I too am weary and can't fall asleep  
The heavenly host gave a secret to keep  
He came announcing I will be with child  
I've seen an angel and can't close my eyes

'Cause my mind sings  
And my heart sings  
And my soul sings  
To be found in Your holy favour  
Now my life sings  
My spirit sings  
And my voice sings  
As I wait for my Saviour and King

The child I carry, he will be our son  
He'll eat and sleep and be able to run  
The angel said he will also be great  
Son of the Most High will become his name

Now my mind sings  
And my heart sings  
And my soul sings  
To be found in Your holy favour  
Now my life sings  
My spirit sings  
And my voice sings  
As I wait for my Saviour and King

Bridge:

Kingdoms will rise, kingdoms will fall  
My little boy will be ruler of all  
The long awaited, of whom we have heard  
He will bring peace from his heaven to earth

Now my mind sings  
And my heart sings  
And my soul sings  
To be found in Your holy favour  
Now my life sings  
My spirit sings  
And my voice sings  
As I wait for my Saviour and King

I am your servant, Lord help me believe  
Though it still feels like it's all just a dream  
May it be done to me as You have said  
Come Holy Spirit upon me descend

from Luke 1:26-38
