

## Nature's Voice Declares

Words and music by Phil Campbell-Enns

G C G C  
Sun is rising, morning's here  
G C G D7/F#  
Leaves are falling, trees are bare  
G C G Em  
Winter waits in autumn air  
Am7 D7/F# G  
Nature's voice declares

Bm C  
You are awesome, Your pow'r on display  
Bm C D  
With each sunrise and ev'ry new day  
G C G Em  
Hear us call on Your great name  
Am7 D7/F# G  
As we bring You praise

Green turns yellow, red and gold  
Giving way to wind and cold  
Still we see Your hand of care  
Nature's voice declares

Up above a sky blue glaze  
Clouds pass by like ocean waves  
Cover us like tender prayer  
Nature's voice declares

Stars peak through the dark of night  
Sending us their ancient light  
Secrets kept and slowly shared  
Nature's voice declares

Human pride and pain divide  
Yet your mercy reconciles  
Signs of healing and repair  
Nature's voice declares
