

Now that light shines

Words and music by Phil Campbell-Enns

CAPO 2

G D/F#
The watchmen wait for morning, the night's been long
Em C D
Time stretches on while shadows hint at what's to come
G D/F#
A season full of yearning echoes in our song
Em C D
Our plaintive cries ring out as we beg for the dawn

C D
People have walked in darkness
G Em
Looking for the light
C D
It's finally been accomplished
G Em
Now that light shines
C D
A child born in a manger
Bm C
Will be our Lord
C D G
Our Prince of Peace whom we adore

G D/F#
Sometimes our world is shaken, we lose our way
Em C D
The things we need are taken, leaving only pain
G D/F#
Just then we see a glimmer flicker in the dark
Em C D
A drop of faith that shimmers, warmth felt in the heart

Bm C
Your reign of love and justice shall not have an end
Bm C D C
Fulfilling all the hopes and dreams we've ever dreamt
