Signs of Your embrace

Words and music by Phil Campbell-Enns

D G D CAPO 3
Hidden deep within our souls
G A7
Myst'ries that remain unknown
Bm Bbm G D/F#
Gifts of our Creator's breath
G A Bm A G A7 D
Flow through ev'ry sense, flow through ev'ry sense

Mother's woo and baby's cry
Worry met with tender sigh
Sounds that gently echo Your care
Like a living prayer, like a living prayer

Rising sun and twinkling stars
Look so close and yet so far
Shining light from distant times
Ancient and nearby, ancient and nearby

Smell that lingers and enchants
Fragrant memories from the past
Bring to mind both bitter and sweet
Pain and deepest peace, pain and deepest peace

Food from earth and grape from vine
Brought together when we dine
Nourish and restore with delight
Source of sacred life, source of sacred life

Working hands and healing touch
Both reveal a depth of love
Felt in acts of kindness and grace
Signs of Your embrace, signs of Your embrace
